VA1716w

ViewSonic LCD Displays

ViewSonic LCD displays bring brilliant images and crisp text to your desktop while taking up 75% less space than a CRT. The value-priced **A Series** displays deliver exceptional price/performance combinations for tech-savvy users. Our **Graphic Series** LCDs offer advanced gaming and graphics users a multimedia experience and crystal-clear images. Choose an **X Series** display for high-resolution, fast video response and wide viewing angles. **Professional Series** LCDs are designed for discriminating users who require the highest screen performance from advanced features.

With the wide range of displays to meet every price/performance need, it's easy to see why ViewSonic is a leader in display technology.

VP2250wb

ViewSonic® LCD Displays

21"–22"

Widescreen displays enhance productivity

ViewSonic offers a wide range of widescreen LCDs 19" and larger. **Widescreen displays** increase productivity allowing you to view two full **documents side-by-side** or work in two applications simultaneously without toggling. In addition, a widescreen display shows HD games and movies in their native format so you see **HD entertainment** as it was meant to be. Widescreen LCDs are great for corporate professionals and gaming enthusiasts alike.

VX2262wm

OptiColor™ Color Technology

ViewSonic's proprietary OptiColor Color Technology enables our LCDs to display a fuller range of colors - richer, more precise and more realistic. Featured on the VP50 Series LCDs and the VLED221wm, OptiColor technology delivers up to 118% NTSC color saturation compared to the 70% to 80% saturation of standard LCDs. ViewSonic LCDs with OptiColor deliver a whole new level of color performance that will amaze you.
