Browse to firmware location 'C:\ekenfirmware' select file 'sun4i_crane_t01a-standard-20120323.img ':

Step 14

Now ensure that the T01 Tablet PC is switched off. Hold down the volume button on the tablet. Whilst keeping the volume button pressed, connect the provided USB cable from Eken T01 to your PC.

Step 15

Whilst holding down the volume button use your other finger to press the power button several times, eventually your computer will respond and may begin installing drivers. Keep pressing the power button whilst holding the volume button until eventually you see the message below:

Step 16

Select 'Yes' to both prompts to begin formatting. Upgrade should begin:

Step 17

Once completed disconnect the Tablet and reboot. Upgrade is now complete!
