2006

WELCOME

Since 1986, we have continued to improve service to our customers. Our ever expanding range now includes over 40,000 parts for German, Swedish, and French cars. In 2006, with stores in Canterbury, Newcastle, Northampton and Doncaster, we have grown to 50 outlets. We continue to improve our mail order and online ordering facilities for our customers who prefer to receive their parts direct.

With over 700 staff, our specialist parts knowledge is second to none. An experienced team of product managers are on hand to deal with any tricky requests. We have over 200 GSF vans on the road ensuring seamless deliveries and excellent stock availability.

We have recently added many new product ranges to complement our existing offers. As well as many new products for new vehicles, GSF customers can now buy the complete range of FK Automotive performance and tuning parts. Catalogues are available from all GSF stores. Staff at GSF are also actively introducing parts for cars outside of the traditional German, Swedish, and French range. Soon a full range of parts for all cars will be available.

As a family-owned company with a history stretching back many years, our values of reliability, honesty, consistency, and competitiveness remain central to our business ethic. We value all of our customers old and new. If you would like more information on any aspect of GSF please get in touch.

Stan West
Chairman and founder of GSF

Stocking Policy

We sell parts that are generally known as replacement parts. These can be:

1. Manufactured by or on behalf of the car marker (common term "Genuine") and carry the car makers logo. These parts are marked with an * to indicate that they are Genuine within our brochure.
2. Manufactured by a supplier that supplies the car maker (common term "Original") and carry the manufacturers logo.
3. Manufactured by a supplier who does not supply the car maker.

Please note Porsche parts are only directly available from Birmingham & Heathrow warehouses. For all other outlets please allow 24hours for delivery.

All Prices Quoted in this Brochure are excluding VAT. Prices subject to change at any time.

GSF People

Interested in a Career with GSF? turn to page 171 for more details

Anil Arjan has worked for us for over 7 years and manages our very busy Heathrow counter. His success has been built up with the relationship he has formed with the many customers who visit us.

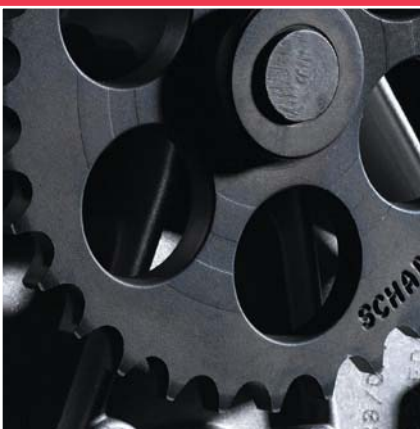

Roger Greene has recently joined us as our Renault Specialist. He is a welcome addition to our ever expanding product management department with over 10 years experience in main dealerships.

Following an MA in Philosophy, **Jonny West** began work at GSF in 2003. While his principal work lies within the Purchasing Department, Jonny helps out as necessary elsewhere in the Group.

Julie McColin is a recent addition to our busy mail order team. She is thoroughly enjoying her work with our customers on the phone and via the internet.

Lee Forty is one of our Sales Team Leaders in Birmingham. He is responsible for Specialist Trade Sales. Lee started work at a Renault main dealer.

Dave Brownett has been with us for over 10 years and is our Transport Manager at Heathrow. He is busy looking after the stock and 25 vans that run from Heathrow daily to you.

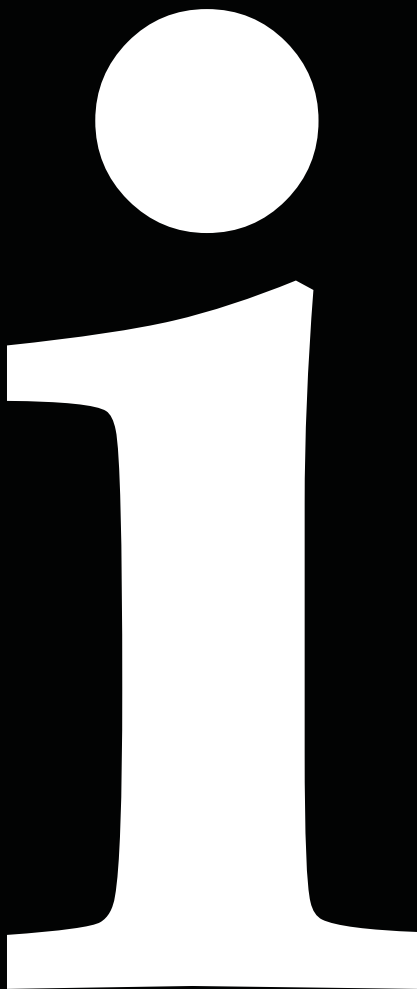

Kelly Fortt is a Driver at Birmingham, and is responsible for ensuring that local customers get their parts delivered as quickly as possible.

Mark Branston is our Technical Parts Co-ordinator and has worked for us for 5 years. He is currently spearheading our new Air Conditioning and Diagnostic Equipment range.

Useful Information

Citroën RP Number

The RP (Replacement Parts) number tells us the exact date that a Citroen was manufactured. This is very useful when identifying changes to parts fitted to a car, as the changes will be made at a particular RP rather than a chassis number.

The RP number usually takes the form of a 4 figure stencilled code and is found under the bonnet usually on the inner wings. However on BX models the RP number is found inside the passenger door frame.

On later Citroen models the RP number may not be stencilled onto the inner wing, it may take the form of a 4 or 6 figure number with 2 letters at the end and be part of, or next to the tyre pressure sticker inside the driver's door frame. For example 009017FV would denote an RP number of 9017 on a Citroen C5 and would tell us that the car was built on July 17th 2001.

Renault Vehicle Identification

Single metal plate

It is useful to know the oval plate number on Renault vehicles for identification purposes.

- A the Manufacturer's name
- B the EEC reception number
- C the vehicle Type Mines preceded by the manufacturer's world wide identity code (VF1 corresponds to Renault France).
- D the chassis number
- E the maximum permissible all up weight
- F the total train weight
- G the maximum permissible weight on the front axle
- H the maximum permissible weight on the rear axle
- 1 the vehicle type oval plate number
- 2 the first figure indicates the gearbox or factory option
the second figure indicates the equipment level
- 3 the technical equipment level
- 4 equipment in addition to factory option
- 5 trim code
- 6 paint code
- 7 equipment level
- 8 one letter designating the manufacturing factory,
followed by the fabrication number – ID vehicle date
of manufacture

Useful Information

SAAB

Chassis numbers

- These are located in the engine bay either on the bonnet slam panel or inner wing panels.
- Later 93> cars should also have it listed in the windscreen on the passenger side.
- The tenth digit from the start denotes the model year of the vehicle:
- Letters are used up to model year 2000
- Numbers are used from 2001

Engine types

- The 4 cylinder engines used in 9000 were all 16 valve units.
- From 1994>03 all 4 cylinder engines were 16 valve units (900,9-3 & 9-5).
- From 2000 all 4 cylinder engines were turbo charged

VOLVO

Chassis numbers

- These are located in the engine bay either on the bonnet slam panel or inner wing panel
- Later 93> cars should also have it listed in the windscreen on the passenger side.
- The tenth digit from the start denotes the model year of the vehicle:
- Letters are used up to model year 2000
- Numbers are used from 2001

Engine types

- The engine TYPE CODE is listed on a white sticker on the cam belt cover, along with the numerical engine number (excludes 300/400 series vehicles)

Gearbox types

- Manual gearboxes on the 700/900 series can be broken into three main types:

M46 type is a 4 speed with overdrive operated via a button on the gearshift

M47 type is a 5 speed with NO overdrive

M90 type is a 5 speed with NO overdrive from mid 1994

Brakes

- Common question on 700/900 series front pads: Girling or DBA (Bendix) type ?

Girling pads have a centrally mounted "Butterfly" spring on the pad.

DBA pads have "pins" located on both outer ends of the pads, held down by a square brass "W" shaped spring

Rear suspension

- The self levelling suspension on Volvos DO NOT have any sort of pipework or pump fitted, it is all self contained in the shock absorber itself.

- These normally have rubber boots fitted at the base of the shock absorber, the non self levelling shocks don't

GSF Norwich

Originally Norwich VW Centre, GSF was opened in January 2002 with 3 members of staff.

Norwich branch currently employs 10 people in various rolls under the management of Iain Molloy. At Norwich we have a very busy retail counter where you can find ongoing special offers and we deliver to the motor trade throughout Norwich & Norfolk with 5 Delivery vans.

Left to right - Martin Fennel, Steve Curtis, Andy Glover, Iain Molloy, Ian Storey, Mark Cornwell, James Newstead & Phil Snoswell.

The Key to the future

A look under the bonnet of any new vehicle confirms that filters are evolving rapidly.

This evolution is driven by new process and materials technology, developed and integrated into modular systems by the OE filter supplier.

Advanced filters are visually different, model specific and engineered to suit individual engine requirements and service intervals.

And because of their unique and patented designs, they are more difficult and expensive for competitors to copy.

Manufactured by MANN+HUMMEL, Europe's leading OE filter supplier, MANN-FILTER evolves in synergy with the OE product providing tomorrow's technology – today ... and gives your business a clear advantage in the Aftermarket.

MANN-FILTER - the key to the future!

GSF Branch Feature Brixton

BRIXTON, VEE WEE & GSF
A bit from Stan West

South London was the birthplace of Vee Wee, which over the years ended up as the current GSF Brixton, which has been very prominent in the development of our company.....

Back in 1979 as Vee Wee we bought 34 Acre Lane in Brixton, Frank Bruno worked in the sports shop a few yards down the road and I used to kick the ass of the future amateur heavy weight kick boxing champ who worked with us – I haven't done it for many a year now! We survived the Brixton riots of 1981, three of us got through the police cordon to protect No 34. Next day several of the locals came up & said "sorry you shouldn't have been done, it was outsiders". We had and still have lot of friends from Brixton & surrounding area.

Much has changed over the years; the current Manager Keith Wolf has been with us in GSF & former companies since about 1978, he was a bit of a SE London wild boy at least in the pubs, now Kathy has him partially tamed. Many of the staff have been with us 10 or more years, and many of our customers for many more years than that.

Ignite Your Profits with Bosch

We work closely with vehicle manufacturers to develop replacement products that deliver OE performance. That makes them highly sought after by both vehicle owners and garages, and highly profitable for suppliers.

Bosch Super Plus spark plugs have an Yttrium alloy electrode that combines improved ignition and combustion with extraordinary heat and wear resistance. Their construction means they can cover virtually all UK applications with a range of just 24 parts, without compromising performance.

Cutting edge technology; simple aftermarket application.

Why fit Brembo?

BECAUSE: Brembo design, test, develop and manufacture their brake discs in their own plants, including foundries, the very best consistent quality is ensured. It is very important to know the source of production for safety critical products like brake discs. In the aftermarket, Brembo is the largest producer of brake discs in Europe, with all products made equivalent to OE specification quality. The extensive Brembo product range offers the following unique benefits:

TÜV / ABE CERTIFICATION

Brembo has obtained ABE homologation for its whole range of brake discs. This is issued by the German Federal Authority for Road Transport on the certification of TÜV of Munich. This is possible because Brembo directly develops and produces the whole range of its brake discs in its own factories with very high quality standards ensured by stringent checks on the whole production process.

HIGH CARBON CAST IRON DISCS

Discs with HC coding are produced using special cast iron with a high carbon content that guarantees better performance and less risk of noise compared to normal cast iron thanks to a better damping factor.

OE SUPPLIER

Brembo is the largest European manufacturer of OE brake discs and original spares, and offers the largest overall range of original brake discs.

FIXING SCREW KITS

Since the fixing screws could be damaged when a used disc is removed, a kit with two new screws is provided in each pack of Brembo discs for the principal applications. This will ensure that the work is done more quickly and safely and will be technically perfect.

PILLAR VENTING

An innovative pillar venting technology boosts overall disc cooling and increases up to more than 40% resistance to thermal cracking.

ANTICORROSION PAINTING

Dedicated to those users who also place importance on aesthetic considerations, Brembo has painted the sections not subject to the braking actions. This feature is available only for high range vehicles and will be appreciated by those who have alloy wheels.

EASY CHECK

A new system with visual indicator of use for simplifying the installer's work and granting safety to car drivers.

brembo.
More than brakes.

Please Note

To determine what kind of disc is fitted to 700/900 series models you will need to know:

1. Braking system: Bendix or Girling
2. Check whether the hub is part of the disc or not
3. Disc diameter 260mm or 285mm

For Volvo 700/900 series for correct caliper please check:

1. Make of caliper, Bendix or Girling
2. Disc diameter 260mm or 285mm
3. Fitted with or without ABS. – all calipers exchange.

GSF Branch Feature Sheffield

Sheffield branch opened for trading in May 2000 & was the first GSF Branch to open as German, Swedish & French after the edition of the French side. We started as a team of only 3 and we rapidly grew and now service, trade and retail customers all over South Yorkshire and North Derbyshire with a team of 19.

Our reputation has been built around our customer friendly attitude and excellent service.

GSF Branch Feature Exeter

Our Exeter branch is a family run affair and has been since it's inception in 1988. The Bourner family with help from some loyal and long serving staff have been running the parts operation there since time began, the "customer comes first" is the attitude that abounds.

The family, Gary, Kate, Ray (Gary's father) & James (Gary's son) also run our Plymouth branch. Most of the staff have been with us for a long time there, proving that if you look after people the business will take care of itself.

As a result, there are happy customers all over Devon, Cornwall and Somerset.

Citroën Spheres & Hydraulics

*** 2 year Warranty * TUV Approved * Wide range**

GSF Car Parts are the UK's sole distributor of **AMTEX suspension spheres**.

For many years, the Citroën owner had the choice of only Original new spheres, or having their old spheres reconditioned when they required replacement.

Now, there is an alternative new Amtex suspension sphere, at prices far cheaper than original, and fully tested to meet burst pressure standards. A full range is available for Citroën BX, Xantia, XM and CX.

Tough and Rugged: BOGE Car Shock Absorbers

BOGE shock absorbers offer maximum safety whatever your driving style. Two types of car shock absorbers are available:

BOGE Turbo is the ideal shock absorber for drivers who prefer a sporty and more dynamic driving style.

BOGE Automatic is the choice for all those who, during work or leisure, frequently drive with heavy loads or with trailer, caravan or boat trailer.

Both are specifically developed with the use of state-of-the-art technologies and measures up to even the highest expectations of any driving situation.

The West Family...

Following a liquid lunch and barely able to suppress a chuckle, brothers Stan and Jack West support younger, camera-shy relative, Jonny (Stan's son). Stan splits his time between country pursuits, fine classic cars, and running GSF while Jack is responsible for some of our Northern Branches. In 2003, following a Masters' in Philosophy, Jonny began work at GSF where he is mostly to be found in the Marketing Department.

Left to right Stan, Jonny and Jack West.

To the left is David West, Stan's eldest son. David heads our distribution network in Ireland, and was not able to make our main photoshoot at short notice.

David studied History, then moved to Zimbabwe for a period where he taught sport, and met his wife Razia. Upon their return to the UK David set up the GSF Marketing Department before moving to Ireland.

If you'd like to get to know us,
we suggest a look under your engine bonnet!

For ignition, diesel cold starting, electronics and sensors, the leading international car manufacturers choose Beru. With that they choose absolute quality that works safely and consistently. You do not have to relinquish that when servicing your vehicle! Original Beru products are not only available for OEM's, but also for factors and garages.

GSFCAR PARTS

MAX 30 JUNE - 2 JULY 2006
POWER BIRMINGHAM
LIVE NEC
 THE FASTEST, LOUDEST CAR SHOW EVER!

All images copyright to GSF

GSF's MAX POWER Models...inspecting the paint work.

Back row (L/R): Andrew Woodfinden, Steve Mcdermott, Keith Jackson, Martin Bates, Jonny West.
Front row (L/R): Rupesh Patel, Joe Leary, Roger Greene.

GSF Model...Other way around I think!

Index

A

ABS Sensors	27-45
Aerials - All Types	153
Aircon Condensers	116
Aircon Receiver Dryers	116
Air Filters	07-23
Air Filters - Performance	07-23
Air Flow Meters/Slide Valves	123-127
Alternators	98-107
Anti-roll Bar Link Rods	71-81
Anti-sink Valve	82
Armoured Door Plates	154
Auto Transmission Filter	14
Axial Rods	71-80
Axle Bushes	71-81

B

Badges	135-137
Ball Joints	71-81
Batteries	50
Body Panels	134-137
Bonnet Struts	58-61
Braided Brake Pipes	45
Brake Bleeding Kit	30
Brake Calipers	27-47
Brake Discs	26-47
Brake Discs - Sport	26-44
Brake Dosseur Valves	82
Brake Drums	26-44
Brake Hoses	27-47
Brake Light Switch	98-106
Brake Master Cylinder	27-47
Brake Pads	26-47
Brake Pads - Performance	27-45
Brake Pipes	33
Brake Pressure Regulators	32-47
Brake Servos	37
Brake Shoes & Adjuster Kits	27-47
Brake Vacuum Parts	29
Brake Wheel Cylinders	27-47
Brembo Max Discs	26-44
Bulbs - High Performance	154
Bumpers	134-137

C

Car Care Products	154
Carburettor Parts	123-127
Carpet Sets	153
Catalytic Converter	51-57
Camshaft/Kits	138-152
Citroen Hydraulics	82

Clutch Kits & Components	129-133
Cold Start Cables	125-127
Coloured Lights - Rear	63-69
Column Switches	100-106
Control Arms	71-81
Coolant Level Sensors	98-107
Cooling Fans	98-107
Cross Drilled Discs	26-44
CV Joints & Boot Kits	90-93
Cylinder Heads	139-150

D

Diesel Injectors	123-127
Distributor/Dist Caps	117-122
Door Handles	58-60
Door Lock Sets	58-61
Door Mouldings	134-137
Drag Links	74
Drivebelts	133
Driveshafts	90-93

E

EGR Valves	123-127
Electric Aerials	153
Electric Window Mechanisms	58-61
Electrical Switches	98-106
Engine Bearings/Gaskets	138-152
Engine Mountings	138-152
Engine Valves	138-152
Exhausts & Fitting Kits	51-57
Exhausts - Sport	51-56
Expansion Tanks / Caps	114-115
Eyebrow Spoiler	134-137

F

Fan Belts	138-152

Numberplate Lamps	63-70
-------------------	-------

O

Oil Coolers	138-52
Oil Filters	07-22
Oils & Fluids	154
Oil Pressure Switches	98-107
Oil Pumps	138-152

P

Panels	134-137
Performance Braking	26-45
Performance Filters	07-23
Petrol Caps	123-127
Pinion Valves	82
Piston Rings	138-152
Plip Batteries	50
Pollen Filters	07-23
Pressure Valves	82
Propshaft Coupling/Mtg	90-93
Power Steering Rams	71-80
Power Steering Racks/Pumps	71-80

R

Radiators / Caps	108-115
Radiator Thermostats	98-107
Rear Lights	62-70
Regulators	98-107
Relays	98-107
Reverse Light Switches	98-107
Rockers & Shafts	138-152
Rotor Arms	117-122

S

Seat Belts	153
Sensors	98-107
Service Reset Tools	155
Shock Absorbers	84-89
Side Repeater Lamps	65
Silencers	51-57
Spark Plugs	24
Spheres	82
Spoilers - Eyebrow	134-137
Spoilers - Front/Rear	134-137
Sports Exhausts	51-56
Spotlamps	62-69
Springs	84-89
Springs - Lowered	84-89
Starter Motors	98-107
Steering Couplings	71-81
Steering Oil Filters	14
Steering Pumps/Racks	71-81
Steering Rams/Gaiters	71-81
Stepper Motors	124-125
Strut Top Mountings	71-81
Suspension Arms / Bushes	71-81
Suspension Ball Joints	71-81
Suspension Kits	86-89

T

Tail Lamps	68
Tailgate Struts	58-61
TDC Sensor	118-122
Temperature Sender Switches	98-107
Thermostats	108-115
Thermostats Switches	98-107
Tie Rods/Tie Rod Ends	71-81
Timing Belts/Chains	138-152
Timing Belt Kits	138-152
Timing Belt Tensioners	138-152
Tools	155-158
Towel Dispenser	155

V

Vacuum Pumps	123-127
Valves/Guides & Rockers	138-152
Viscous Fan Couplings	108-115
Voltage Regulators	98-107

W

Wash/Wipe Switches & Relays	98-107
Washer Pumps	98-107
Water Pumps	108-115

Waxstat - Thermostat	123-127
Wheels	158-159
Wheel Arches	137
Wheel Bearings/Hubs	94-97
Window Catches	58
Window Winder Mechanisms	58-61
Window Kits - Electric	154
Windscreen Washer Pumps	98-107
Wings Front	134-137
Wiper Blades	48-50
Wiper Blade Conversion Kit	49
Wiper Motors	98-107
Wiper Switches	98-107
Wishbones, Bushes & Fitting Kits	71-81
Workshop Manuals	154

How to order...

Mail Order

Using the GSF Mail Order Service ensures you receive your order quickly and efficiently – without any hassle.

However please remember to give us the correct information about:

- Yourself
- Your vehicle
- Your payment card

> Order by 6.00pm Monday-Friday to receive your order within one working day (UK only, depending on postcode).

> If a part is not in stock we will inform you immediately and obtain the part as quickly as possible.

You Can Order By...

mail

GSF Car Parts,
The Planet Centre,
Armadale Rd, Feltham,
Middlesex, UK TW14 0LW

phone

020 8917 3801

Export

Our export staff will advise you on the best way to despatch your order.

Please note residents of the EU must pay VAT unless they can provide a VAT registration number.

You can be assured that your order will be correctly picked and checked. We also insure all goods going overseas in case of loss or damage.

For Heathrow Phone: 00 44 208 917 3895
Fax: 00 44 208 818 0099

For Birmingham: Phone: 00 44 121 749 8833
Fax: 00 44 121 749 8812

email export@gsfcarparts.com

Terms & Conditions

1. All goods remain the property of GSF Car Parts until payment has been received in full.
2. All orders should be checked immediately upon receipt. Shortages or damaged items must be reported within 24 hours.
3. Items being returned for credit must be received within 5 days of purchase, accompanied by the relevant invoice.
4. Electrical units cannot be returned for credit if fitted.
5. Parts returned for credit must be in resaleable condition, in their original packaging. Items fitted cannot be refunded if correctly supplied.
6. Surcharges must be paid on purchase of all exchange units. The surcharge will then be credited when the unit has been cleared through our returns department.

Cash and Carry

If you are making a long or special journey please phone first to check that the part you require is in stock.

We have an efficient "express" counter service, where you receive individual attention, help and advice.

If a part you require is out of stock we will do our best to obtain it for you. Counter customers can pay using cash, cheque, Switch and all major credit cards

Phone: 020 8917 3875

7. Exchange units cannot be refunded if GSF Car Parts consider the part to be in an unserviceable condition.
8. Whilst every effort is made to ensure that the information contained in this catalogue is correct at the time of going to press, product improvements or price alterations may occur during the lifespan of this catalogue.
9. The above is a condensed version of our full terms and conditions of sale. A complete version is available FOC from any one of our outlets and is also shown on the back of any sales invoice.
10. Occasionally we may substitute with a different quality but this is rare.

Please note: All prices exclude VAT. During the lifetime of this brochure prices might change due to increased Material and Engery costs. All prices correct at the time of going to press September 2006. E & OE.
