Precaution

Emergency calls (baby call function) are not available
in case of power failure.

Use only rechargeable batteries.

Replace only with the same or equivalent
type recommended by the manufacturer.

Attention should be drawn to the
environmental aspects of battery disposal.

INTRODUCTION / BEFORE USE

DEAR CUSTOMER

We are glad that you have decided for this Phone. The product you have bought is state of the art, of highest quality and has many advanced features.

NOTE 

Please read this Instruction Manual carefully so that you get the most from your phone with digital answering machine.

The purpose of the Instruction Manual is to provide information. Its content is not the subject of contract. All data in this booklet is merely nominal. The right to technical modifications is reserved.

Closing date: 01/2002

BATTERY
INSTALLATION

- a) The battery cover is on the back side of the unit. Push it in the arrowed direction and remove it.
- b) Insert the 2 supplied "AA" size, 1.2 V NiCd storage batteries as shown here. Ensure correct polarity.
- c) Close the battery compartment.

NOTE 

Before first use, load up the storage batteries in the base unit 10 hours at least.

BEFORE USE

PARTS AND ACCESSORIES

GARANTEE CONDITIONS

Congratulations on your purchase of this product from 4MBO International Electronic AG, Fabrikstraße 45, D-73207 Plochingen. You are now the owner of a device of the highest technical standard and tried-and-tested quality. If, however, you should have a problem with this product at any time please observe the following guarantee conditions:

1. We will provide a guarantee for this device, when used correctly, for a period of 24 months calculated from the date of purchase from your dealer. We will remedy any possible defects at our cost, insofar that the fault is a result of material defects or production errors. The date of purchase must be demonstrated by presentation of an invoice, till receipt or other proof of purchase.
2. The guarantee becomes invalid if repairs are carried out without the express consent of our company.
3. You do, of course, retain all legal rights both in relation to our company and in relation to the seller of this device in addition to the rights provided by this guarantee.
4. **If you have questions regarding this device, or technical problems, please contact our appointed service provider:**

JET GmbH, Am Weimarer Berg 6, 99510 Apolda

Our helpline telephone number is printed on the reverse of this page.

Please have the following available during your call:

a) Description of any errors observed

b) Proof of purchase or receipt

5. We are happy to deal with repairs outside the guarantee period at cost. If an estimate is required, we will have to charge you for this, but this cost will of course be deducted from your final invoice if we carry out the work required.

Yours faithfully
