

# **Fairchild MUS Micro USB Switch(USB 2.0 accessory switch)**

[www.fairchildsemi.com](http://www.fairchildsemi.com)

the  
**power**  
franchise™

- *‘China's Minister of Information and Industry(MII) announced the "Technical Requirements and Test Method of Charger and Interface for Mobile Telecommunication Terminal Equipment" (YD/ T 1591).’ – 2009*
- *‘the European Commission and in close co-operation with the Commission services, major producers of mobile phones have agreed in a Memorandum of Understanding (“MoU”) to harmonize chargers for data-enabled mobile phones sold in the EU’ - Enterprise & Industry Jun. 2009*
- *‘the GSM Association has now come out and announced that it and 17 of its partner companies are indeed working on such a solution, and that they plan to have a common format in place by 2012’ – Engadget Feb. 2009*
- *OMTP : Specification for Common Charging and Data, ‘This document recommends using the USB Forum Micro-USB connector for the charging and data connector on compliant Terminals.’*
- *MCPC : Defining new specification for Japanese mobile phone connector standard which is moving forward with Micro USB connector and release in April*

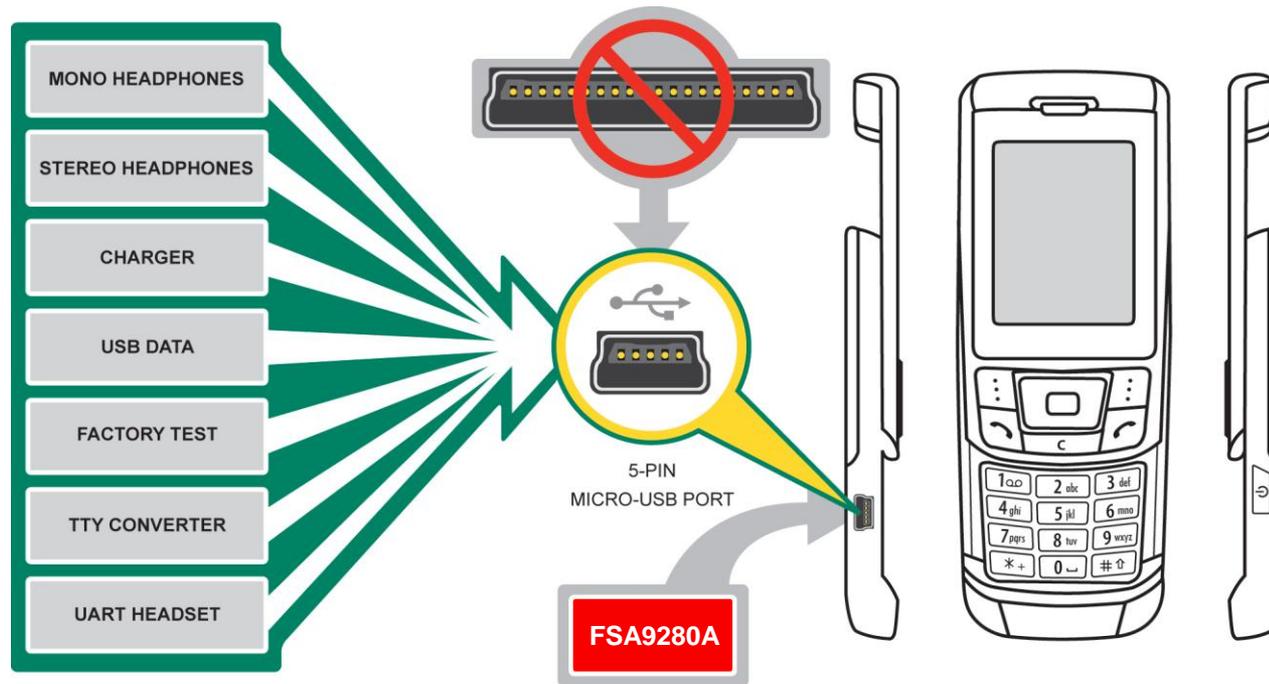

- Design trends
  - In every region, micro-USB is used for charging and data transmission
  - Cell phone manufacturers are moving to using micro-USB connector for both charging and audio and data transmission
- Consumer and environmental trends
  - Ease-of-use in having one USB connector as opposed to many connectors
  - One USB connector eliminates many types of chargers and contributes to global sustainability

# What is the FSA9280A MUS Switch? 'Micro USB Switch'

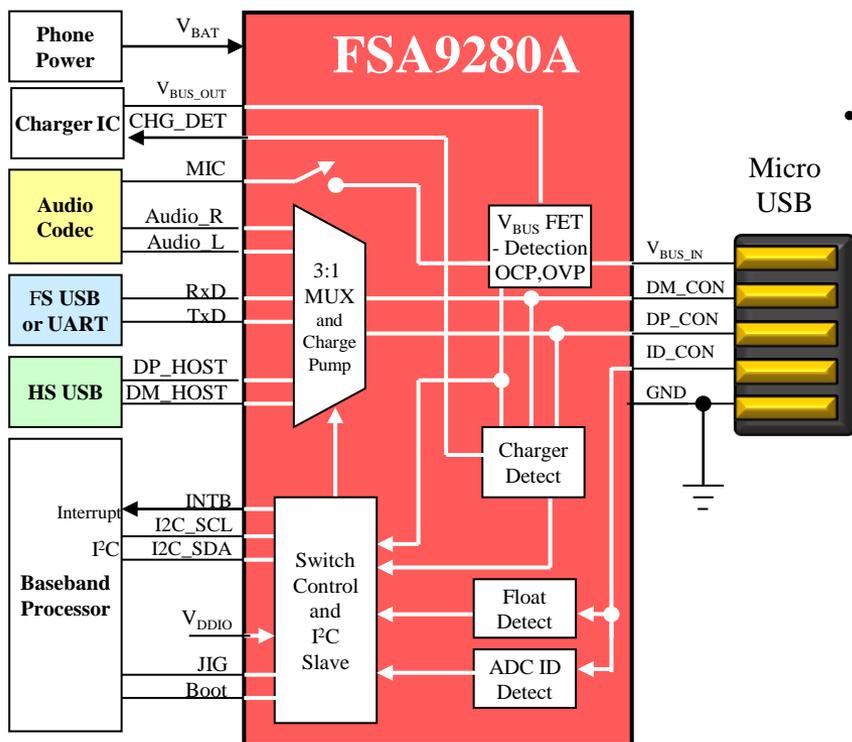

- The FSA9280A was developed to replace existing Cell phone manufacturer's propriory connector with a industry standard Mini / Micro USB Connector.

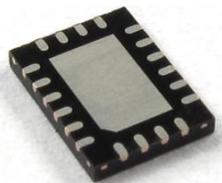

- The FSA9280A will enable multiple accessories and signals to utilize a single USB port, saving space, improving standardization and lowering costs

- Engineering Samples – Now
- Release – Mid March

• 3 x 4 mm  
MLP package

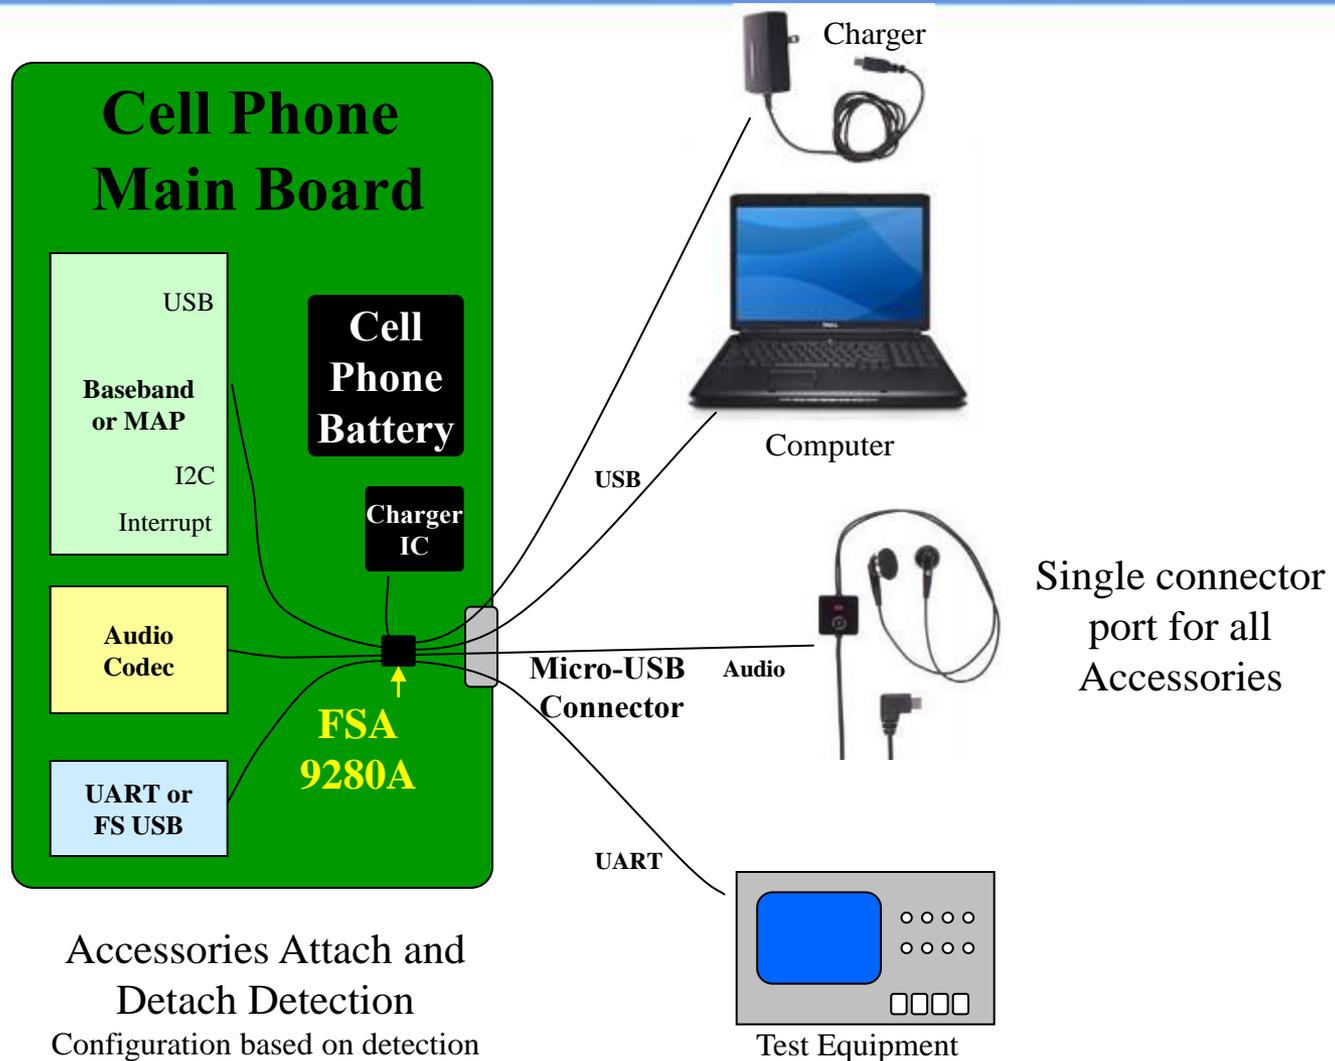

- Function:
  - Multi mode USB accessory switch that enables USB data, stereo and mono Audio, UART data and charging to use a common connector port and automatically detect and change mode
  - Has charger detector , OVP , OCP and FET integrated

- Application:
  - Mobile phone, MP3 player, PMP, PDA

### Features:

- **Auto Accessory Detect and switching (6accessories + 5 reserved)**
- Audio Headsets w/ upto 12 button detection
- UART, HS USB, TTY
- 4 unique factory modes
- 4 different charger types(Carkit type1, Carkit type2, Wall charger, USB charger)
- 5 User definable accessories(Reserved)
- Integrated Charger FET + 28V OVP
- Automatic Low-Power mode when No accessory is attached
- USB Charger detection and indication
- Negative-swing-capable audio channel
- Built-in termination resistors for audio-pop reduction
- Over voltage indicator for charger IC control

- Availability
  - Samples and Demo board are now available
  - Design support from Apps engineer

• 2.1x2.1 WLCSP

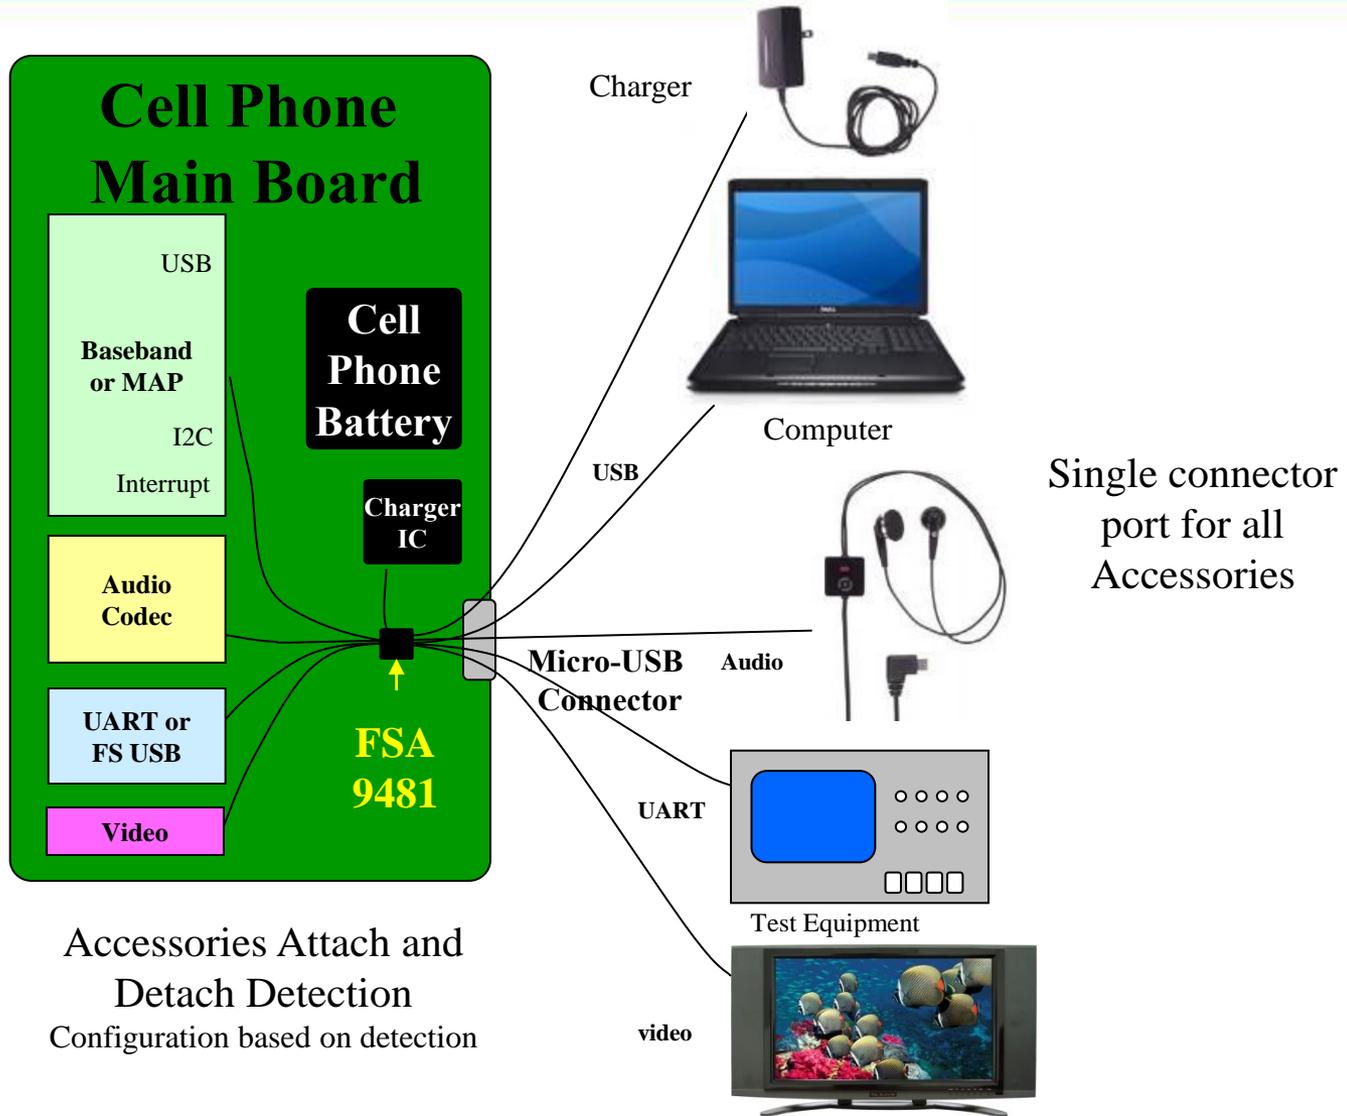

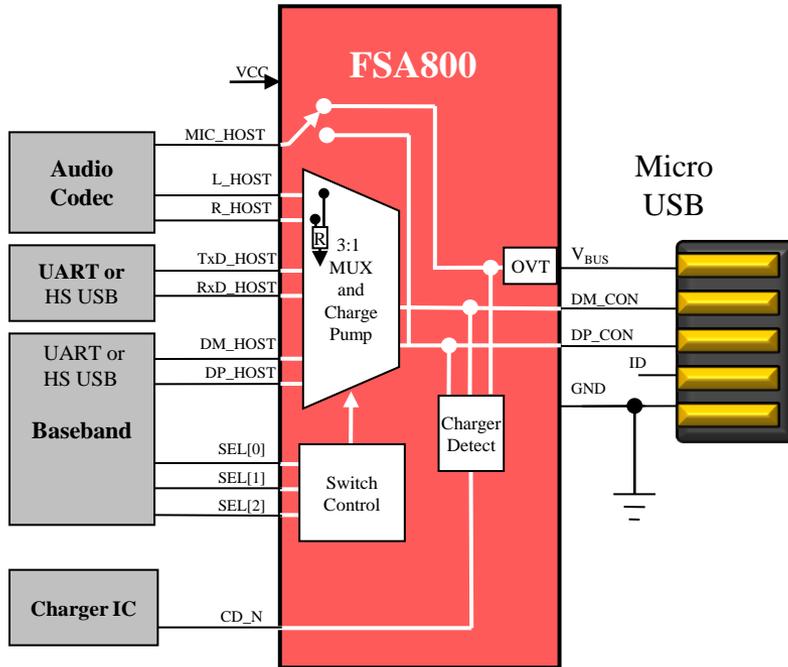

- Function:
  - Multi mode USB accessory switch that enables USB data, stereo and mono Audio, UART data, **Video** output and changing to use a common connector port and automatically detect and change mode
  - Has charger detector, OVP, OCP and FET integrated

- Application:
  - Mobile phone, MP3 player, PMP, PDA

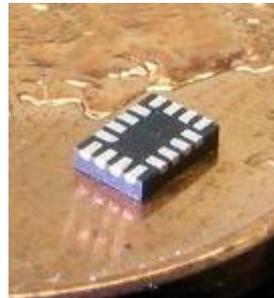

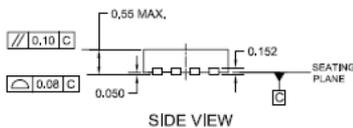

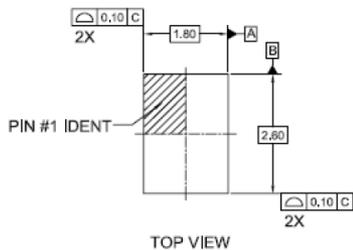

- Features:
  - **Auto Accessory Detect and switching (10 accessories + 5 reserved)**
  - Audio Headsets w/ upto 12 button detection
  - UART, HS USB, TTY
  - 4 unique factory modes
  - 4 different charger types (Car kit type1, Car kit type2, Wall charger, USB charger)
  - 5 User definable accessories (Reserved)
  - **Video, USB OTG, PPD (Phone Powered Device), Audio Type2**
  - Integrated Charger FET + 28V OVP
  - Automatic Low-Power mode when No accessory is attached
  - USB Charger detection and indication
  - Negative-swing-capable audio channel
  - Built-in termination resistors for audio-pop reduction
  - Over voltage indicator for charger IC control

- Availability
  - Only engineering samples available
  - Evaluation support available

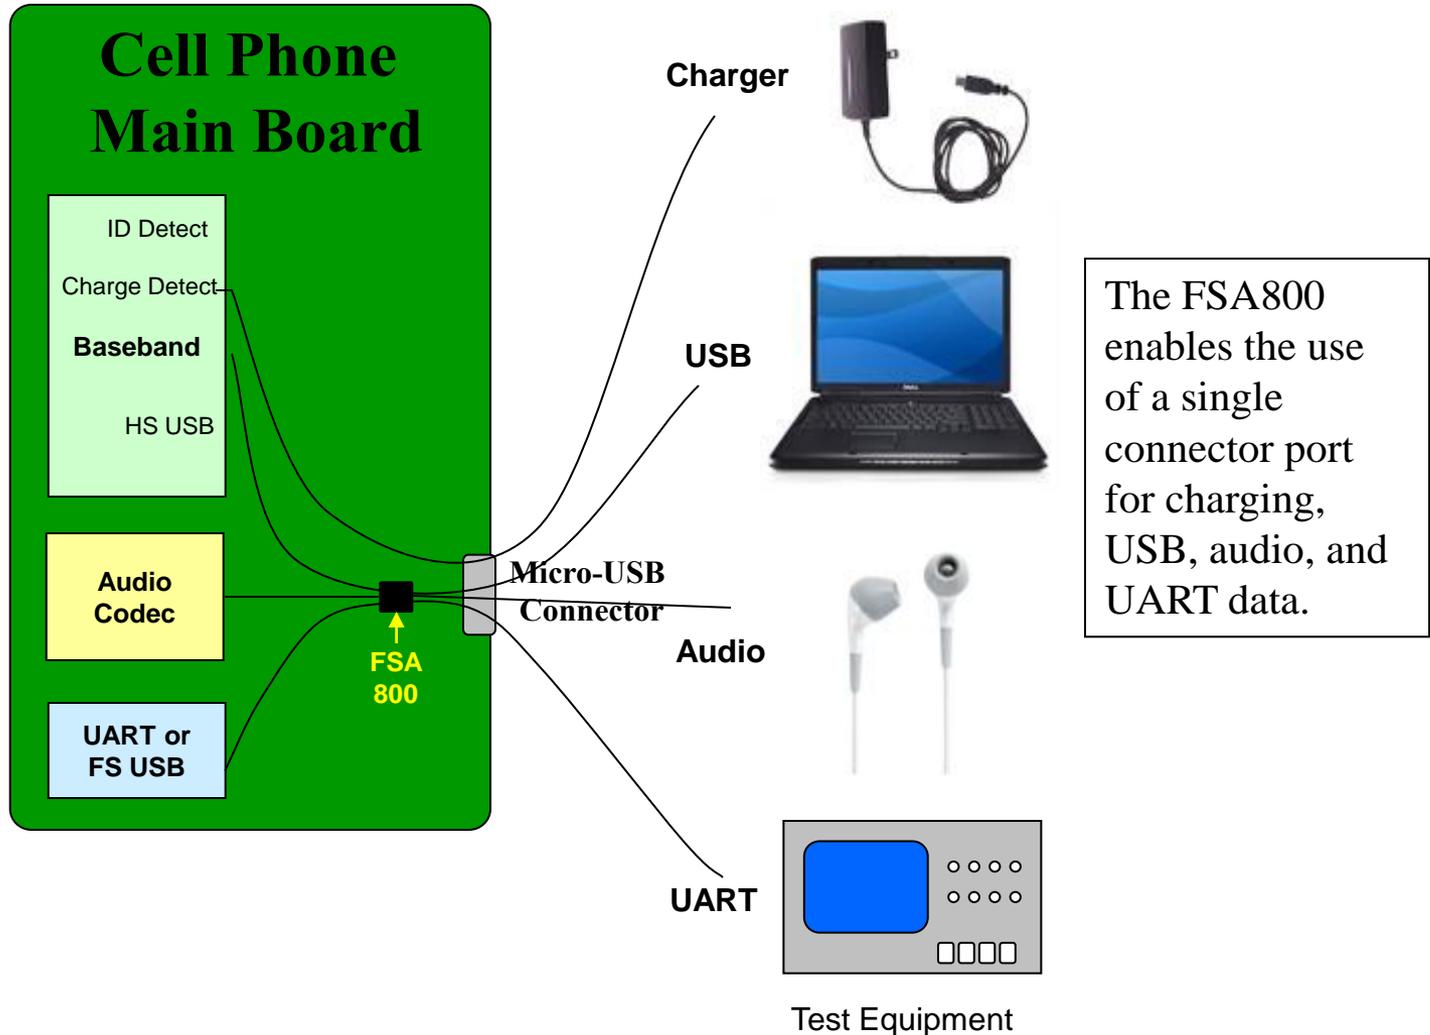

- Function:
  - 3:1 USB accessory switch that enables USB data, stereo and mono Audio and UART data to use a common connector port.
- Application:
  - Mobile phone, MP3 Player, PDA
- Features:
  - 3:1 Switch handles:
    - Audio Headsets
    - UART
    - High and Low Speed USB Data
    - USB Charger detection and indication
    - Negative-swing-capable audio channel
    - Built-in termination resistors for audio-pop reduction
    - Simple switch control using three select pins
    - 28V Over-voltage tolerance on VBUS.

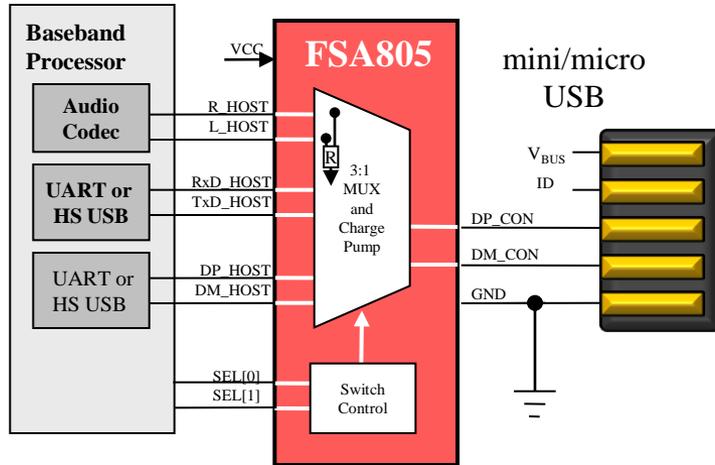

- 2.6 x 1.8 mm MLP package

- Engineering Samples – Now
- Release – Q1 2010

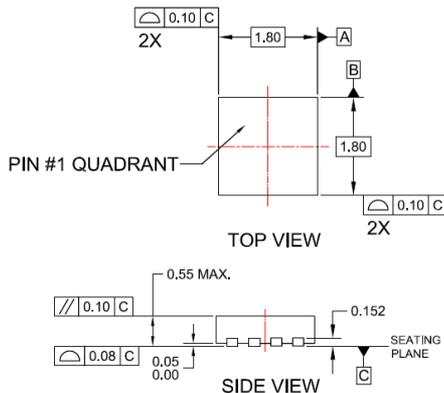

- Function:
  - 3:1 USB accessory switch that enables USB data, stereo and mono Audio and UART data to use a common connector port.

- Application:
  - Mobile phone, MP3 Player, PDA

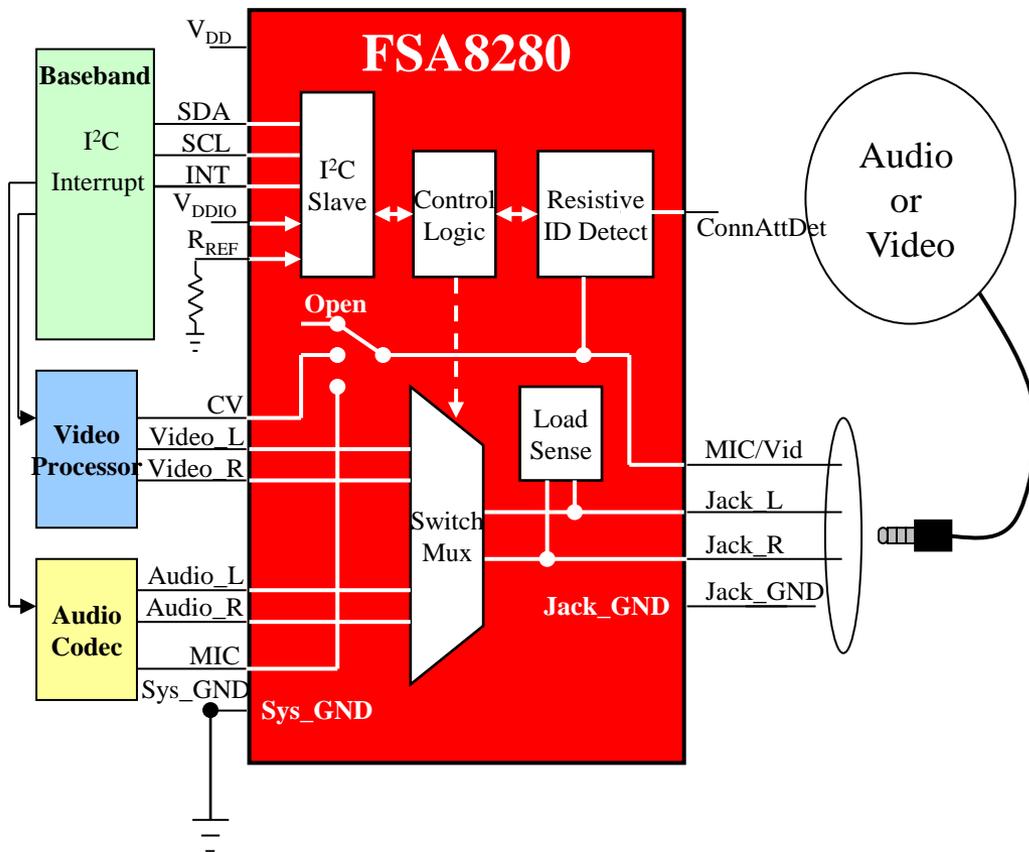

- Features:
  - 3:1 Switch handles:
    - Audio Headsets
    - UART
    - High and Low Speed USB Data
    - Negative-swing-capable audio channel
    - Built-in termination resistors for audio-pop reduction
    - Simple switch control using two select pins

- 1.8 x 1.8 mm 12 pin UMLP package

## New product concept

- **Function:**
  - Audio Jack accessory detector and Switch that is fully controlled using 2C™ and enables stereo and mono audio, microphone and video signals to use a common connector port.
- **Application:**
  - Mobile phone, MP3 player, PMP, PDA
- **Features:**
  - Detects these Audio Jack Accessories:
    - Headsets
    - Video
  - Detects push button remote control presses
  - Automatic Low-Power Mode When No Accessory is attached
  - Negative-Swing-Capable Audio Channel.
- **Availability**
  - Samples in 2H, 2010
  - Code S in 1H, 2011

• 2.2 x 2.6 mm MLP package

Product Offering	Application Interface	Accessories Detected											
		HS USB	Audio	Remote	UART	Factory mode	CarKit 1&2	OTG	Audio type2	Video	TTY	PPD	BC Detect
FSA9481	 Mini/Micro-USB	X	X	X	X	X	X	X	X	X	X	X	BC 1.1
FSA9280A	 Mini/Micro-USB	X	X	X	X	X	X (Charger only)					X	BC 1.0
FSA800	 Mini/Micro-USB	X	X		X								BC 1.0
* FSA805	 Mini/Micro-USB	X	X		X								
FSA8280	 3.5mm Jack		X	X									

\* FSA805 all 3 paths support HS USB
